Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Friday 17 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cumbria cloudy and damp, elsewhere clearer and dry. Rain Sunday.

This Evening and Tonight:
Turning widely cloudy through the evening, with a little patchy light rain affecting Cumbria overnight. Skies will clear somewhat through the early hours in the south and east, where it will also stay dry. Minimum temperature 13 deg C (55 deg F).

Saturday:
A cloudy day for the north and west with patchy light rain lingering. Sunny spells initially for southeastern areas, becoming more widespread later. Heavy rain arriving from the west overnight. Maximum temperature 22 deg C (72 deg F).

Outlook for Sunday to Tuesday:
Wet and cloudy on Sunday, with some organised heavy showers. Often cloudy but generally dry on Monday and Tuesday, with some bright spells possible. Winds becoming strong later Tuesday.
